

An AAHA Accredited Veterinary Hospital

### Five Star Feline Annual

We strive to provide the highest level of care possible for your little star, so we have listed below what we require and recommend for the annual visit. Allow us to give you and your pet the "star" treatment!

## STANDARD ANNUAL FEES

- Full Body Exam \$48.00**  
Our doctors will perform a full comprehensive exam, from the tip of the nose to the tip of the tail. \*an exam is required for vaccinations
- Intestinal Parasite Screening \$28.75**  
Our stool samples are shipped overnight to our outside laboratory, IDEXX Laboratories. They have the capability to detect 70% more than we can with an in-house test.
- Rabies Vaccine (3 year vaccine) \$25.50**  
Vaccination for Rabies is legally required by the State of Louisiana once every 3 years. Although Rabies is not as common as it was years ago, we want our stars to remain protected! This vaccine is good for 3 years, following the initial vaccine and one year booster.
- HCP Vaccine (3 year vaccine) \$24.95**  
This vaccination protects against three diseases, including Rhinotracheitis, Calici Virus, and Panleukopenia. This vaccine is good for three years, following the kitten series and one year booster.
- Leukemia Vaccine (2 year vaccine) \$27.95**  
Leukemia is an immune deficiency disease, caused by a virus. It can be spread from mother to kitten, and by simple contact such as nose-to-nose or by sharing a water bowl with an infected cat. This vaccine is good for two years, following the kitten series and one year booster.
- Total for Standard Fees \$76.75-\$155.15**

**Wellness Profile \$139.99-249.99 ( )**  
We can perform a comprehensive blood work panel on your dog. These profiles include the FeLV/FIV/Heartworm Test and Intestinal Parasite Screening, plus blood work (chemistries and CBC) and other tests, depending on your dog's age.

**FeLV/FIV/Heartworm Test \$49.95 ( )**  
This simple blood test can be done in-house, and it takes about 10 minutes. The test checks for Heartworms as well as Feline AIDS and Leukemia, two common and extremely contagious feline diseases. We recommend having this test done yearly, especially if your cat is either fully outdoors or an outdoor/indoor cat. \*Required before boarding and elective surgeries

**Pet ID Card \$4.25 ( )**  
A pet ID card is great to have when traveling, booking boarding reservations, and can also serve as a reminder of when your pet is due to see us again! The ID card contains your pet's information, photo, proof of vaccines and due dates, important medical information, and emergency contact information. The pet ID card will arrive at your house in 2-3 weeks.

**Bag of Hill's Food ask for price ( )**  
Hill's Veterinary Diets are the top-of-the-line when it comes to providing optimal nutrition for your pet. Ask our staff what food is best for your cat!

**Home Again Microchip \$57.50 ( )**  
A Home Again Microchip is the best way to provide permanent identification for your pet. The chip is inserted via syringe, and each chip has its own unique number to identify your pet. If your pet ever wanders off and is taken to either a shelter or veterinary clinic, your pet's number will show up on the microchip scanner and we can much more easily get your pet back home again. This price also includes the first year of enrollment through Home Again.

**Bravecto Plus One dose (2 months) \$55.50 ( )**  
Feline Bravecto is a topical product that is applied once every 8 weeks. It will protect your cat from fleas, ticks, roundworms, hookworms, and prevents heartworm disease.

**Total for Standard Annual \$76.75-\$155.15**

**Total of Selected Options \$ \_\_\_\_\_**

**Estimated Total for Visit \$ \_\_\_\_\_**

## OPTIONAL SERVICES

(check if yes)

**Pawdicure (nail trim) \$14.50 ( )**  
Our trained staff will clip your cat's nails and can show you the proper way to trim nails at home if you wish to learn.

I have read and understand that I am responsible for the price quoted at the time of service.
