

An AAHA Accredited Veterinary Hospital

## “Star”ting Out

Kitten visits are a very important time for you and your new kitten. You are bonding, getting to know each other, and you want nothing but the best for your little star. Let us help you start your kitten out right, with our kitten visit regimen.

### STANDARD KITTEN VISIT

#### Full Body Exam **\$47.00**

Our doctors will perform a full comprehensive exam, from the tip of the nose to the tip of the tail.

\*an exam is required for vaccinations

#### Intestinal Parasite Screening **\$28.75**

Our stool samples are shipped overnight to our outside laboratory, IDEXX Laboratories. They have the capability to detect 70% more than we can with an in-house test.

#### Rabies Vaccine (given at 16 week visit) **\$21.50**

Vaccination for Rabies is legally required by the State of Louisiana once every 3 years. Although Rabies is not as common as it was years ago, we want our stars to remain protected!

\*Kittens require a 1 year booster

#### HCP Vaccine (given at 9, 12, & 16 week visits) **\$18.95**

This vaccination protects against three diseases, including Herpes/Rhinotracheitis, Calici Virus, and Panleukopenia.

#### Leukemia Vaccine (given at 12 & 16 weeks) **\$22.95**

Leukemia is an immune deficiency disease, caused by a virus. It can be spread from mother to kitten, and by simple contact such as nose-to-nose or by sharing a water bowl with an infected cat.

\*Kittens require a 1 year booster

**Total for Standard Fees \$94.70-139.15**

### OPTIONAL SERVICES

(check if yes)

#### Pawdicure (nail trim) **\$14.50 ( )**

Our trained staff will clip your kitten’s nails and can show you the proper way to trim nails at home if you wish to learn.

#### FelV/FIV/Heartworm Test **\$49.95 ( )**

This simple blood test can be done in-house, and it takes about 10 minutes. The test checks for Heartworms as well as Feline AIDS and Leukemia, two common and extremely contagious feline diseases. We recommend having this test done yearly, especially if your cat is either fully outdoors or an outdoor/indoor cat.

\*Required before boarding and elective surgeries

#### Pet ID Card **\$4.25 ( )**

A pet ID card is great to have when traveling, booking boarding reservations, and can also serve as a reminder of when your pet is due to see us again! The ID card contains your pet’s information, photo, proof of vaccines and due dates, important medical information, and emergency contact information. The pet ID card will arrive at your house in 2-3 weeks.

#### Bag of Hill’s Food **ask for price ( )**

Hill’s Veterinary Diets are the top-of-the-line when it comes to providing optimal nutrition for your pet. Ask our staff what food is best for your kitten!

#### Home Again Microchip **\$57.50 ( )**

A Home Again Microchip is the best way to provide permanent identification for your pet. The chip is inserted via syringe, and each chip has its own unique number to identify your pet. If your pet ever wanders off and is taken to either a shelter or veterinary clinic, your pet’s number will show up on the microchip scanner and we can much more easily get your pet back home again. This price also includes the first year of enrollment through Home Again.

\*can be done more comfortably during spay or neuter

#### Revolution for Kittens **Single Dose \$18.06 ( )**

Revolution is applied topically and will protect your kitten from heartworms, fleas, ear mites, hookworms, and roundworms for 30 days.

\*price for kittens less than 5 lbs

**Total for Standard Kitten Visit \$94.70-\$139.15**
