Petstar immediately tags all personal items when your pet arrives. Your pet is inspected upon arrival for fleas, ticks or other external parasites. If any are found, your pet will be treated before entering Petstar's boarding facility, at your expense.

PROOF OF VACCINATIONS: All pets must be current on vaccinations, exam, parasite testing and FELV/FIV testing, prior to entering the boarding facility. This ensures your pet's protection as well as the safety of our other boarders.

SPECIAL FOOD OR MEDICATIONS: Unless personal food is brought, your pet will be fed a Royal Canin diet according to their size/ age/ etc. However, we will be happy to feed any food that is brought with your pet. If needed, we can also open a new bag of your pet's food during their stay and this bag will be put on your account. Please leave feeding instructions with the food. Any medications your pet may need will also be administered by our support staff. Please leave medications with detailed instructions or prescription labels.

PERSONAL ITEMS: Your pet's boarding area is cleaned thoroughly every day (more often when needed) and all bedding is changed and washed as needed. Your pet's personal items should be labeled with a permanent marker prior to check-in.
